

## AVPL SMA-WP - Steel Mast Arm Wood Pole Mount

### Description

The Steel Mast Arm is ideal for front row car dealerships, tennis courts, and any other applications that require high forward lumen output.

### Materials

2 3/4" O.D. structural ASTM A-123 A500 grade B steel tube with steel cleat.

Designed for mounting to new or existing Wood Pole.

Stainless steel hardware.

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.

\*48" arm with 12" rise shown
